Receiving "honorable mention" in our first year is a job well-done. I have talked to several students on the team, they certainly enjoyed the trip and they are eager to be on the team again next year. It is great that we now have one more opportunity for our students to show and test their knowledge and skills. Thank you to Model UN Coach Mrs. Miner for moderating this group, FSA Social Studies Department for coordinating this trip and to Mr. Akgul for assisting in transporting everyone to Savannah safely.
